EPA RCRA ID Number: <u>CAD981675911</u>	Date: 2/28/07
PARTNER AGREEMENT Our organization is choosing to become a partner in EPA's National quantity of one or more Priority Chemicals currently found in our preduction, recycling, or other materials management practices. In the that we believe we can achieve as partners in this program. The vol change over time. We may revise our goal(s) or withdraw from the withdraw from the program, we will notify EPA.	roducts, processes, or releases using techniques such as source his enrollment application, we identify one or more voluntary goals untary goal(s) provided below is an initial estimate and may
GOAL #1. Chemical Name: Mercury	CASRN: 7439-97-6
Narrative description of proposed project:	
We are taking the Mercury Challenge. We will remove the mercu	
energy production unit) and replace them with Rosemount Difference	
How we will measure success:	
We will measure success by determining the amount of mercury	removed from our facility through replacement of the flowmeters.
 1a. Our voluntary source reduction goal for Chemical #1 is to reduce amount of 2,200 pounds in September, 2006 (more generated/used by December, 2007 (month/year). 1b. To accomplish this goal, we will use the following source reduce X Equipment or technology modifications. X 	nth/year) to a reduced amount of pounds tion options (check all that apply):
X Equipment or technology modifications. X Reformulation or redesign of products. X	Substitution of less toxic raw materials.
Improvements in inventory control.	Improvements in maintenance/housekeeping practices.
Other (describe):	
2a. In addition to, or in lieu of using source reduction methods, our increase the recycled or recovered quantity of this chemical from a la (month/year) to an increased quantity of pounds by _	baseline amount ofpounds in
	•
2b. To accomplish this recycling or recovery goal, we will use the formula birect use/reuse in a process to make a product. Processing the waste to recover or regenerate a usable polymer using/reusing waste as a substitute for a commercial product. Other (describe):	oroduct. oduct.
3. We have a Quality Assurance/Quality Control Plan for data (che	ck which applies). X Yes No
Please use supplemental sheets for additional goals.	Page _1_ of _1_
